

Generations Summer Camps

2018

Below, please find our list of summer camp offerings. Toddler Enrichment Camps are open to children 18 months – 3 years of age. All other camps are open to children 3 – 12 years of age. For all offerings, a balanced snack will be provided each day. Students enrolled in *Cooking with Kids* will be making their lunch each day. For all other options, we ask that students bring a nut-free lunch each day. NOTE: Students participating in the Toddler Enrichment Camps will not have lunch at camp.

June 2018

June 18-22, 2018	Toddler Fun with Art & Music	9:00AM – 12:00PM	\$165
------------------	------------------------------	------------------	-------

Lead Instructor: Maggie Passino

Throughout the week, students will have an opportunity to explore music and art. Children will sing, dance, and experiment with different art mediums and musical instruments.

June 18-22, 2018	Fun with Art & Music	9:00AM – 1:00PM	\$165
------------------	----------------------	-----------------	-------

Lead Instructor: Rita Pace

Students will explore a variety of arts including, but not limited to, hand arts, visual arts, and the performing arts. Students will participate in music each day and have the opportunity to try several different instruments.

July 2018

July 9-13, 2018	Toddler Cooking Basics	9:00AM – 12:00PM	\$200
-----------------	------------------------	------------------	-------

Lead Instructor: Maggie Passino

Children will work together to create simple recipes with a focus around good table manners, proper place settings, and healthy eating habits.

July 9-13, 2018	Cooking with Kids	9:00AM – 1:00PM	\$200
-----------------	-------------------	-----------------	-------

Lead Instructor: Rita Pace

Children will work together to plan and create balanced snacks and meals for the week. Each meal will include a main course, side dish, and dessert. The week will end with a picnic for the entire family.

July 16-20, 2018	Toddler Science Exploration	9:00AM – 12:00PM	\$165
------------------	-----------------------------	------------------	-------

Lead Instructor: Maggie Passino

Students will have the opportunity to explore science through simple experimentation involving water, color, and basic household supplies.

July 16-20, 2018	Full STEAM Ahead	9:00AM – 1:00PM	\$165
------------------	------------------	-----------------	-------

Lead Instructor: Rita Pace

Students will work with instructors to begin to develop hypotheses, conduct experiments, and make conclusions based on simple data. Students will be encouraged to work together and think creatively when presented with design problems.
